

To Whom It May Concern:

I enjoy listening to Christian Music without commercials. There are several Christian Stations in the area that I could listen to, but I would have to listen to commercials.

K-LOVE is a place where more than just music is happening. There are full time Pastors available 24 hours a day for council. Plus K-LOVE gives airtime to other ministries and advertises local events.

With all the services that K-LOVE offers it is easily an asset to the listening community.
